Poor turnout for C of C roast at Pinestone Inn

HALIBURTON — Last Wednesday evening at Pinestone Inn, the Haliburton Highlands Chamber of Commerce was "roasted." However, a very disappointing crowd of only 40 people turned out to help make the evening a success.

Despite personal letters being sent out to every councillor in the County, only four showed up for the affair. The resort community was well represented but the business sector stayed at home.

The "roast" was the idea of manager Bob Stinson, after many complaints had been heard around the County that his office wasn't doing the job the municipal, resort and business sectors felt it should be doing.

"We had heard a great deal of flack from these areas about the way the Chamber was being operated, so we decided to hold a 'roast the chamber night' so that these people could come out and aire their views, said Stinson."

According to Mr. Stinson, in an interview with The Express on Monday, "it appears as though the so-called discontent apparently was blown out of proportion, as very few of the contentious issues that had been circulating never were brought up at the roast, so the Chamber must be doing the best job it can with the limited funding it has, said Stinson."

He went on to say that the Chamber received more plaudits on its performance than criticism from the gathering and most of the criticism that did arise was how it could raise more funds so that it might do an even better job of attracting the tourist dollar to the area.

One statement was made to the effect that the Chamber must prove they are doing the promotional job of attracting tourist dollars before they would donate more money. However, Stinson said that this was practically impossible as anyone walking into a local business does not advertise the fact that he came to the establishment because of being sent by the Chamber or its advertisements. He did say however, that it was easier to determine why a tourist came to one of the areas resorts, either through one of the large Metro papers, the lure book or by some other means.

It was agreed by both sides that the Chamber of Commerce was not doing enough to advertise Haliburton County, but the present budget did not allow the opportunity to do this much needed additional

Collision near school causes \$2100 damage

MINDEN — For the last month Minden OPP have experienced a relatively quiet period. There were just four reportable motor vehicle collisions during the past seven day period in which three people received minor injuries.

TWO CAR COLLISION:

On Saturday, April 11 at 7 pm on Hwy. 121 outside the Haliburton high school, a car driven by David Johnson 18, collided with a second vehicle, a car driven by Laurie Thibadeau 18, of Haliburton.

Johnson received minor injuries in the collision. Damage has been set at \$600 to the Johnson vehicle and \$1500 to the Thibadeau car. Police report that Johnson has been charged with driving left of centre and having no driver's license. PC Brown.

CAR-DEER ACCIDENT:

Early last Saturday evening on Hwy. 35 at Buttermilk Falls in Stanhope Township, a vehicle own-

Early spring should open Golf Clubs very soon

MINDEN — With the advent of a very early spring thaw in the County, area golfing enthusiasts like those shown above at Blairhampton, should be able to head for the five golf clubs in one of the earliest openings in many years. Beside the Blairhampton Club, Haliburton Coun-

advertising.

One positive step that came from the roast was that the resort operators present agreed that they would pay more to get this advertising. Now the

Car leaves road, two injured

HALIBURTON — The front end of a pickup truck received damage estimated at \$2200 following a collision Tuesday at 7:15 pm on a township road one mile from the village.

A Minden OPP spokesman said the truck driven by David Holter 24, of Pickering went off the road on a curve and collided with a tree.

Mr. Holter received minor injuries and has been charged with careless driving. A passenger, Peter Wilson 19 of Haliburton, had minor injuries and has been charged with failing to wear a seat belt.

ed and operated by Lyle McKnight 51, of Minden, struck and killed a deer as it ran across the road.

Police report damage to the car has been set at \$1200. PC Boyd Jarvis.

2nd presentation for Stanhope family tops \$1300 mark

STANHOPE — Saturday evening saw the second presentation of a cash donation made to the Carl Harrison family who were burnt out of their home in February, when the 21 Club of Stanhope Township held a get-together at the home of Richard and Dorothy Kinsman.

The presentation was made on behalf of all the softball teams in the county and consisted of a cash donation and cookware.

A benefit dance held in February at the Community Centre netted the family more than \$1280 and Saturday's donation from the ball clubs' pushed that figure over the \$1300 mark.

ties other fine golf clubs soon to open are Pinestone Inn Beaverbrook Golf, Haliburton Highlands Golf and Lakeside Golf. For ardent golfers like Leigh Bull, left, Warren Payne and Ken Rosenberg, the club openings cannot be soon enough.

gigantic problem facing the Chamber is to convince the business community as a whole to join the resort people in raising the necessary funds to do the type of advertising everyone wants.

Woodcarver, one man show at Haliburton Rails' End Gallery

HALIBURTON — The Rails' End Gallery here is featuring the woodcarving works of Jay Seton Tompkins in a one man show that started yesterday and continues until May 2nd.

A tea party in honour of the artist will be held on Easter Sunday, April 18th from 1 to 4 pm at the gallery.

In conjunction with the show, Dr. Ralph Price will lecture at the gallery on April 23 at 7:30 pm on the topic, Canadian Folk Art with special focus on the work of Mr. Tompkins.

Mr. Tompkins 82, sold his garage in Singhampton in 1967 and started his new career as a woodcarver. With his carving skill — animals, lumbermen, farmers, horse drawn carriages and sleighs all come to life says Leopoldina Dobrzensky in an article on the artist and his work.

The National Gallery houses a few pieces of Mr. Tompkins work and Dr. and Mrs. Price of Port Perry have many of his works in their collection.

The artists first woodcarving evolved from a discarded telephone pole which he carved into a pear. The carving was placed in front of his home and that same day a passing dealer purchased it say Mrs. Dobrzensky.

Reconstruction of the Harrison home on the North Shore Road started on Monday of this week with the pouring of new concrete footings and building is expected to commence later this month.

EDITORIALLY SPEAKING

We can't help Polish people if Russians invade . . .

While the Western World cheers the newly-won freedoms of the solidarity free trade union of Poland and likes to see the Communist bosses get their comeuppance, the Polish freedom-fighters should be made aware that we are a cheering section only.

Other than providing some measure of economic relief and food supplies, the nations of the free world can be of no real assistance to the Poles.

The Poles should not get the idea that the West stands behind them militarily; that assumption should not spur them on past the point where Russian intervention is prompted.

The fact is the Polish unions have probably gone as far as they should go for the time being.

At any time, the Russians and their other Warsaw pact neighbours are likely to roll over Poland and put the country under the most oppressive communist rule again.

And there is nothing the West will do — can do — to stop it.

Long ago the West, in effect, conceded the Soviets the right to reconquer wayward communist countries. They did it in Hungary, Czechoslovakia and East Germany.

They will do it in Poland if they feel it is necessary, and the Americans will not risk nuclear war to stop them.

The West should keep cheering, but at the same time should let the Polish unionists know that that's about as far as we can go.

The Soviet troops massing on the Polish border are their's alone to cope with.

More returnable containers needed to cleanup areas

Recently the Ontario government upped the ante for returnable beer bottles from 5 cents each to 10 cents each.

While there may have been some people who would casually toss away a 5 cent beer bottle along roadsides, there will be a lot fewer at 10 cents per bottle.

Ontario's decision several years ago to up the premium on returnable bottles and cans has been proven, oh so correct. The effect was immediate. The roadsides and camping areas in the province today show far fewer discarded cans and bottles.

Mainstream Canada

Millions for polls

By W. Roger Worth
Governments in Canada spend millions of dollars per year on polls and surveys, yet most are reluctant to advertise the results.

The reason: the results provide an advantage for the party in power. That advantage is denied to opposition groups.

Roger Worth is Director,
Public Affairs,
Canadian Federation of
Independent Business.

Naturally, politicians on
the government side argue

that the results could pit one government, one region, or groups of Canadians against each other. The Opposition argues just as strongly that Canadians have a right to the information.

And it's not only the federal government that is spending heavily to research voter attitudes and intentions. By now, virtually every provincial government has set up similar polling systems.

The polling question is whether, in fact, polls and surveys should be used at all.

While government leaders

Telecast live: Toronto Blizzard take on the Montreal Manic

The Toronto Blizzard Soccer team meets the Montreal Manic in Montreal for a North American Soccer League game, to be telecast live on Saturday, April 18 at 2:00 - 4:00 P.M., on the Global Television Network. Global's sports director Mike Anscombe will cover the play-by-play and Shep Messing will be on hand with the colour commentary.

Wallflowers

BASKETBALL

Wed., April 15, 1981

There are still some people rich enough and inconsiderate enough to toss them aside, but there are others who come to clean them up for the price of 5 cents or 10 cents each.

So successful has this venture been that the province should not only be upping the return price but enlarging the program to include all kinds of commonly used cans and bottles.

Why not pop cans or liquor bottles, for example? Most of the garbage found along highways now consists of these two types of containers.

There would be a considerable cost involved in collection of these other cans and bottles, but it's clear that at some point we are going to have to be better garbage sorters and we will have to recycle a lot more of it.

Why not take the next step now?

claim polls are simply a tool to ferret out problems, many observers contend government politicians are so hung up on survey results that new policies are accepted or rejected on the basis of a thousand or so interviews.

The pollsters, of course, have been known to be wrong.

No polling firm, for example, came close to projecting President Ronald Reagan's landslide victory in last fall's U.S. elections, even though the most sophisticated meth-

ods were used.

Nevertheless, a lot of Canadians believe that if taxpayers are forced to foot the bill for having themselves polled, they should be able to see the results.

In a recent survey, members of the 58,000-member Canadian Federation of Independent Business voted 79% in favor of immediate publication of all polls taken at public expense.

The taxpayers who are paying the piper, it seems, would like to hear the tune.

AHM Council OK's second barber shop for village

MINDEN — Last Wednesday the 11th meeting of council was held at the municipal chambers with a full council and the following business completed.

DONATIONS — Council donated \$25 toward the Easter Seal campaign and \$30 toward the Haliburton Guild of Fine Arts summer school program.

ARENA—EVACUATION CENTRE: Council resolved that this municipality designates the Community Centre as an evacuation centre in the event of an emergency in the area.

A letter was received from the Ministry of Natural Resources advising that a municipal access area program would be available this year under the experience '81 program. Council appointed Brian Sisson as the supervisor of these students for the summer activities.

BARBER SHOP — Mr. Bill Bakker was present to request council's permission to operate a barber shop from his residence on South Water Street in town. Council passed a resolution authorizing Mr. Bakker to operate the shop pursuant to Section 5 of by-law 14-67 and renovations must comply with the provisions of the Ontario Building Code.

Easter Seal Campaign money goes into research work for all

When you contribute to the 1981 Easter Seal Campaign part of your donation will be used to support research. The Easter Seal Society for many years has sponsored basic and clinical research into crippling disorders in children, preventive measures and new treatment techniques.

This research is conducted through the Conn Smythe Research Foundation for Crippled Children, which is a non-profit corporation administered by a volunteer board of directors. It was established in March 1976 to fill an urgent need to promote and support research.

The title of the foundation was established in honour of this prominent Canadian who has worked diligently over many years to assist physically handicapped children.

Many thousands of children in the province receive treatment for physical handicaps each year and the principal focus of the foundation will be on research dealing with preventive aspects of any condition which could result in such disabilities. The Easter Seal Society supports financially the Conn Smythe Foundation and in 1981 have committed \$150,000.

PUBLIC NOTICE

Representatives of the Haliburton, Kawartha & Pine Ridge DISTRICT HEALTH COUNCIL will be holding a public meeting, 7:30 P.M. — WEDNESDAY, APRIL 22nd, 1981; at the Pine-Stone Inn and Country Club, Haliburton, Ontario, to review and discuss the District Health Council's involvement in the future arrangements for the Red Cross Hospitals in Minden and Haliburton.

Members of the general public are invited to attend and comment.

DISCUSS REZONING APPLICATION — Mr. Joseph Gentle attended council to discuss the township's zoning by-law 14-67, as amended. He suggested that the township investigate establishing a planning committee to review any application to amend the by-law. Also, it was suggested that some guidelines from the O.M.B. as to their requirements would be of assistance to prospective developers. He felt that the by-law itself was outdated and certain improvements were necessary.

Council appreciated Mr. Gentle's concerns and advised that plans were already underway to institute some of the items discussed.

BOARD OF MANAGEMENT BY-LAW: By-law 81-24, having been read a first time, second and third time and passed to establish a board of management for the business improvement area.

The following members were appointed by council, Ed Pergolas, councillor; Stuart Brandon, Gordon Monk and Jerry Pillsworth, supporters as well as Ron Wrightman, R. O'Brien and J. Shapiera, objectors.

New York's Ellis Island was known as Gull's or Kioshk Island by the Mohican Indians. When the British occupied New York, they dubbed it Oyster Island. After several changes of ownership it was purchased in 1778 by Samuel Ellis, a Manhattan store owner, who installed a tavern for fishermen.

From May 1, 1981 there will be a new procedure to apply for a **CHIP** home insulation grant

If you are considering insulating your home you should check if you are eligible for a grant. Then send CHIP a request card for your personalized application form which will indicate that grant money has been set aside for you for 90 days.

If you have answered "YES" to all the questions you can obtain your personalized application form for a grant by sending us a completed CHIP request card. This card is available from most insulation material retail outlets, insulation contractors or from your provincial CHIP office.

ARE YOU ELIGIBLE?

1. Is it a principal residence or non-profit hostel?
2. Is it a house or apartment of 3 storeys or less?
3. Was it built before January 1, 1961 in any province or before September 1, 1977 in the Yukon, Northwest Territories or Newfoundland?

YES NO

Ron Robinson Jr., leads 1000 Lakes Carling Open in Ham.

HAMILTON—Wednesday morning 19 bowlers, three coaches and three official scorekeepers will leave from Minden, Fenelon, Bancroft and Lindsay as the official 1000 Lakes 5 Pin Bowlers Association contingent to the Carling Colt 45 Open Provincial Bowling Champions in Hamilton. The bowlers represent three men's and ladies singles, men's, ladies and mixed teams.

Leading the way will be 1000 Lakes singles champions Ron Robinson Jr. of Carnarvon for the men and Brenda Cox of Bancroft for the ladies. These two people will be joined Wednesday evening by Ken Mills, Fenelon, Larry Cavanaugh, Lindsay, Flo Henderson, Carnarvon and Eva Kirkham, Bancroft as the first five game block of singles competition gets underway. More than 450 bowlers from 24 zones around Ontario will be taking part in this very prestigious event beginning Wednesday evening and ending Saturday evening.

This year's local men's team will consist of Robinson, Mills, Cavanaugh, Cox, Wilson, and McAllister and has a very good chance of advancing to

the medal round. For the ladies the team will sport Card, Henderson, Kirkham as well as Wilson, Osler and Telford all of Fenelon Falls.

The mixed team will have Barton, MacLiesh, Garhart, Everett, Marnie and Dorothy Ann Robinson and Gerris.

Coaches at this year's Provincial for 1000 Lakes will be Ron Robinson Sr., for the seventh year, Ross Wilson will helm the ladies team also for the 7th time and newcomer Bob Dennison of Fenelon will handle the men's team.

Official scorekeepers, all important helpers at any function, are Bob Robinson and Debbie Allin of Minden and Judy Lavoy of Bancroft. Good luck all.

1981 Tax Grant Installment Mailed to Seniors

Over half a million Ontario senior citizens will receive cheques of up to \$250 this week, the Province's Revenue Ministry has announced. The cheques represent the first installment of their 1981 Property Tax Grant and will equal one half of their 1980 grant. This fall each senior citizen will receive an application form which will determine the amount of the second and final installment of their 1981 grant.

Retiring Ontario Revenue Minister Lorne Maeck expressed his satisfaction with the Tax Grant Program to date and the successful completion of the first installment payment for 1981. "In all, we are sending out \$110 million in grants," Mr. Maeck said, "with an average grant payment of \$210. This money should significantly assist seniors in payment of their interim mu-

nicipal and school tax bills."

Seniors who turn 65 after January 1, 1981 will not receive this Property Tax Grant installment cheque. Applications will be mailed out in the fall of 1981 so they can apply for their full 1981 Property Tax Grant.

The Property Tax Grant is part of an enhanced assistance program provided by the Ontario Government for the Province's senior citizens. The program also includes an annual \$50 Sales Tax Grant which will be mailed automatically to all Ontario seniors on a date to be announced. These two grants of up to \$550 replace Ontario Tax Credits previously claimed by seniors as part of their income tax return.

Full details about the Ontario Tax Grant for Seniors program can be found in advertisements in all daily newspapers on Saturday, April 4th and 11th and in all community newspapers during the next two weeks.

Further information can also be obtained by contacting the Ministry of Revenue's toll-free, multilingual Information Centre:

Here comes the Canada's

By BOB ALISON

For the past few weeks, reports of migrating flocks of Canada geese have been filtering in. A few birds have touched down here and there. But for the most part the geese have by-passed the Orillia area enroute to the lowlands south of Cochrane — their last rest stop before James Bay.

Of course, a few of the birds seen locally are part of that vast expanding Southern Ontario breeding flock that now numbers about 40,000. It winters in Toronto and in a few northern states. Then, in spring, it returns to nest all over the agricultural south, mainly west of Toronto — but as far north as Bracebridge.

The bulk of the geese we see passing over Orillia each spring nest in the far north. They are part of the so-called Tennessee Valley Flock. It numbers over 100,000 birds, almost all of which winter in Tennessee and northern Louisiana.

Its breeding grounds are centered along the west coast of James Bay where it nests in the muskeg. Isolated nests can be found inland a distance of 100 miles or more. Canada geese do not normally nest in colonies or groups. But, in some good habitats, they are sometimes thickly spread.

The birds nest only when

two years of age or older. Normally, they pair for life. In the spring, the female of a pair heads back to the place where she was raised. Her mate follows her.

The pair flies thousands of miles, homing in on some wilderness pool at the edge of some far-flung Arctic fen. When they arrive, the ground is usually still snow-covered. That is when local Indians set up for their annual spring Canada goose hunt.

It is part of a long-standing, but illegal, tradition where male members of most Indian families spend up to a month in the barrens shooting spring migrants.

Canada goose production depends on weather conditions. And the Canadian northland can be pretty dirty at times. In some years, late snowstorms destroy an entire crop of young. That happened in 1972, when a late June blizzard wiped out thousands of goslings. So, Canada geese have boom or bust years. Sometimes there are lots of young around in the fall. At other times, they are few and far between.

Of course, geese breeding in southern Ontario are not as subject to the severe weather that influences their northern counterparts. That is why southern Ontario geese rarely have a bad production year.

Look for breeding Canada geese to expand into Simcoe County over the next few years. They have already taken the southwest by storm, thanks to a program put in place by the Ministry of Natural Resources a decade ago.

Actually, in some places, it is thought to have been too successful. People are talking about goose control measures. But, Simcoe County is not in that situation yet.

Muscat and Oman on the southeastern part of the Arabian Peninsula cover about as much land as Kansas, but with only about half the population, an estimated 750,000. Capital, Muscat, has some 6,200 population.

CHARGE

"NOTICE"

UNDER THE FOREST FIRES PREVENTION ACT

The period from April 1 to October 31 of each year is a fire season.

During the fire season, fire permits are required in a fire region

- for all outdoor fires except fires for cooking or obtaining warmth
- to ignite fireworks in or within 300 metres of a forest or woodland

A work permit is required to conduct any operation which is liable to cause an accumulation of slash or debris within 30 metres of a forest or woodland.

No person shall throw or drop live coals, smoking material or hot ashes in or within 300 metres of a forest or woodland.

No person shall smoke while walking or working in a forest or woodland during the fire season. The regulations under the Act provide, in part that every person who starts a fire out of doors shall:

- take all reasonable steps to keep the fire under control
 - ensure that a responsible person tends the fire, and
 - extinguish the fire before quitting the site.
- Fire permits may be obtained from local Ministry offices or township fire wardens.

Government increases in effect this month

OTTAWA—Increases in the Old Age Security pension, Guaranteed Income Supplement and Spouse's Allowance, which took effect in April 1981, were announced by the Minister of National Health and Welfare, Monique Bégin.

The basic Old Age Security pension was increased to \$208.20 monthly from \$202.14.

The maximum Guaranteed Income Supplement for an individual or a married person whose spouse is receiving neither a pension or a Spouse's Allowance, has increased to \$209.03 from the previous \$202.94. Added to the basic pension, this will give a person receiving both the OAS and the maximum GIS a monthly

total of \$417.23, monthly total of \$417.23.

The maximum Guaranteed Income Supplement for a married couple, both of whom are pensioners, was increased to \$161.16 each from \$156.47. Added to the basic pension this will give each married pensioner receiving the maximum GIS a total of \$369.36, or \$738.72 for the couple.

The Guaranteed Income Supplement is paid to pensioners whose income apart from the Old Age Security pension, is limited. The amount of the supplement varies in relation to income.

The maximum Spouse's Allowance was increased to \$369.36 from \$358.61. The maximum Spouse's Allowance is made up of an amount equivalent to

the basic Old Age Security pension and the maximum GIS at the married rate and it is paid to persons between 60 and 65 years of age who are married to OAS pensioners and meet residence requirements. Entitlement to a Spouse's Allowance, and the amount paid, is based on yearly income.

Where the pensioner spouse dies, the surviving spouse may be eligible for the continuation of the allowance to age 65 or until remarriage if the person has no income or a limited amount of income.

Increase in Old Age Security pension, and Guaranteed Income Supplement payments are calculated quarterly based on the cost of living.

Each year thousands of tourists flock to Haliburton county to their cottages or book into some of the finest resorts in Ontario to take advantage of the beauty and splendor of this beautiful area of the province. Some come to just enjoy the quiet, picturesque countryside and yet others come for the abundant fishing. Regardless of what the reasons are that tourists visit the area they never leave disappointed and almost always come back again.

Chocolate mousse, flowers and light wine to welcome the first breezes of spring.

Welcome spring to your dinner table

By
Denise Ryan

Winter's nearly gone, spring is hesitantly creeping around the corner and young men's fancies are lightly turning to thoughts of love.

And there's no reason why the lighter thoughts should remain the province of the love struck.

While you're dusting away the cobwebs, think light. Welcome those warming spring breezes with some light touches of color around the home and the kitchen. Treat yourself to a frilly new apron, an attractive pair of oven mitts or maybe some new colorful tea towels.

What better way to tell your family and friends that summer's on the way, than a welcome to spring get-together. Brighten up your table with a decorated casserole dish, some new place mats or a bowl of spring flowers.

If you've been eating beef and pork all winter, experiment with a spring lamb dish, and finally the perfect dessert, served in clear glass or crystal dishes.

One of my favorites is chocolate mousse.

Easy chocolate mousse

Ingredients

3 eggs
2 tablespoons (30 mL) chocolate liqueur (optional)
2 teaspoons (10 mL) vanilla
1 cup (250 mL) Fry's Cocoa
3/4 cup (150 mL) sugar
1 1/4 cups (300 mL) milk
2/3 cup (150 mL) butter

Place eggs, chocolate liqueur and vanilla in blender container. Cover and blend at high speed 1 minute. In a saucepan combine Fry's Cocoa and sugar. Stir in milk. Add butter. Cook

over medium heat, stirring constantly, until butter melts and mixture is hot. Turn blender speed to high and slowly pour hot cocoa mixture through top opening. Continue blending 1 minute. Pour into glass serving bowl or individual dessert dishes. Cover and chill several hours or overnight. Serve with sweetened whipped cream. Makes 6 servings.

If you would like some more of my favorite cocoa and chocolate recipes in "Cocoa Rediscovered", write to me at: 3 Church St., Suite 201, Toronto, Ontario M5E 1M2.

Brother Jonathan, a name for any patriotic American during and after the Revolutionary War, preceded Uncle Sam as a personification of The United States.

LEASING & RENTAL

CURRY MOTORS

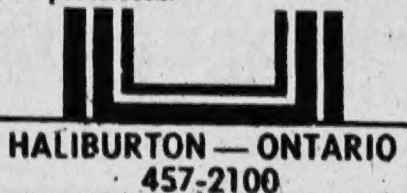

VERY LITTLE DOWN WHEN YOU LEASE A NEW CAR FROM US

That's because your deposit on a new leased car can be substantially less than what you'd put down to buy a new car. What's more, you'll never fret over what your lease car is worth at trade-in time because your car will never get too old.

Each monthly leasing payment also covers such costs of enjoying a new car as financing, depreciation, taxes.

There are other solid reasons for leasing a new Chevrolet from us. So, come on in. Let's discuss the lease plan ... and that new Chevrolet ... that fit your needs.

And your pocketbook.

CARE with all your heart...

Your gift to CARE helps needy people improve their lives by their own efforts. It is their labour which builds a durable house, a school, a nutrition centre, a safer water system, a farm-to-market road. You make it possible for CARE to supply whatever else is required: technical advice, cement, roofing, piping, pumps, picks, shovels and wheelbarrows.

Send your donation to-day to
